RE: MARIN RESOURCE RECOVERY CENTER
Q2 2021 RECYCLING CERTIFICATION

To Whom It May Concern:

The Marin Resource Recovery Center (MRRC), in San Rafael, California, is a material recovery facility that accepts mixed construction and demolition loads, as well as many other types of materials. All incoming loads are sorted and processed to remove recyclable materials.

MRRC provides quarterly reports to the Marin County Hazardous and Solid Waste Joint Powers Authority that are used by that agency for state reporting requirements. Attached is the most recent submission for the 2nd quarter of 2021.

- 60,729 tons were received by the facility during the quarter.
- 33,248 tons were removed from the waste stream and recycled.
- 27,481 tons were landfilled.

This equates to a recycling rate of 54.7%.

Sincerely,
