RE: MARIN RESOURCE RECOVERY CENTER
Q3 2021 RECYCLING CERTIFICATION

To Whom It May Concern:

The Marin Resource Recovery Center (MRRC), in San Rafael, California, is a material recovery facility that accepts mixed construction and demolition loads, as well as many other types of materials. All incoming loads are sorted and processed to remove recyclable materials.

MRRC provides quarterly reports to the Marin County Hazardous and Solid Waste Joint Powers Authority that are used by that agency for state reporting requirements. Attached is the most recent submission for the 3rd quarter of 2021.

- 62,318 tons were received by the facility during the quarter.
- 35,313 tons were removed from the waste stream and recycled.
- 27,005 tons were landfilled.

This equates to a recycling rate of 56.7%.

Sincerely,

A handwritten signature in black ink, appearing to read "Mardell Sarkela". The signature is fluid and cursive, written over a white background.
