RE: MARIN RESOURCE RECOVERY CENTER
Q4 2023 RECYCLING CERTIFICATION

To Whom It May Concern:

The Marin Resource Recovery Center (MRRRC), in San Rafael, California, is a material recovery facility that accepts mixed construction and demolition loads, as well as many other types of materials. All incoming loads are sorted and processed to remove recyclable materials.

MRRRC provides quarterly reports to the Marin County Hazardous and Solid Waste Joint Powers Authority that are used by that agency for state reporting requirements. Attached is the most recent submission for the 4th quarter of 2023.

- 85,893 tons were received by the facility during the quarter.
- 63,272 tons were removed from the waste stream and diverted.
- 22,621 tons were landfilled.

This equates to a diversion rate of 73.66% with ADC and a diversion rate of 62.56% without ADC.

Sincerely,

Ryan De Vera
