RE: MARIN RESOURCE RECOVERY CENTER

Q1 2024 RECYCLING CERTIFICATION

To Whom It May Concern:

The Marin Resource Recovery Center (MRRC), in San Rafael, California, is a material recovery facility that accepts mixed construction and demolition loads, as well as many other types of materials. All incoming loads are sorted and processed to remove recyclable materials.

MRRC provides quarterly reports to the Marin County Hazardous and Solid Waste Joint Powers Authority that are used by that agency for state reporting requirements. Attached is the most recent submission for the 1^{st} quarter of 2024.

- 80,146 tons were received by the facility during the quarter.
- 59,542 tons were recovered from the waste stream and diverted.
- 20,603 tons were landfilled.

This equates to a diversion rate of 74.29% with ADC and a diversion rate of 66.81% without ADC.

Sincerely,

Ryan De Vera Manager, Financial Reporting Marin Sanitary Service

(415) 456-2601
